

### Follow-Up to Our Trabuco Canyon Community

Greetings ETI Members and All Community Neighbors and Friends,

A big thanks to *each* of you for attending Thursday's meeting. You made the meeting energetic and we hope it was helpful and informative.

This is simply a follow-up and list of next steps.

#### **What we accomplished at the meeting:**

1. List of people who want to be contacted in advance of an evacuation at \$100 per horse.
2. List of haulers (now four) who are willing to evacuate horses for \$100 each - one-way to a pre-determined location.
3. List of volunteers (thank you!!!) who will help in a large animal evacuation
4. An expanded email list so we can continue to help more and more in our community.
5. Information update on our county-wide progress. Thanks Chris Pena!
6. Created the "Trabuco Emergencies" WhatsApp group. Please join:  
<https://chat.whatsapp.com/JF1rx8kaWDP5hvLSjsaRKz>

#### **What we have to do next:**

- Meet and collaborate with other horse communities and groups (other canyon communities, San Juan Capistrano, Yorba Linda, Orange Park Acres, Brea, Fullerton, etc.)
- Contact area stable facilities to renew agreements to house horses during an emergency evacuation. **Will need help with this!**
- Continue discussions with county agencies (progress as outlined by Chris Pena)
- Meet with Supervisor Wagner to enlist his more active support (Rich Gomez, others and Al Tello - Field Representative for Supervisor Wagner) and identify who our representative is since we do not have an unincorporated area "Emergency Management" staff person as incorporated cities do.
- Upcoming possible committee presence at Orange County Emergency Management Organization (OCEMO):
- *NOTE: OCEMO is composed of emergency service coordinator representatives from public, private, and non-profit organizations from all political subdivisions in the County of Orange, including cities, school districts, and special districts. OCEMO meets on a monthly basis to discuss emergency management related business in the county.*

**Other things on our list:**

- Practice loading your horse into a trailer
- Organize volunteers (you'll be contacted separately via email)
- Confirm any changes and make updates to our evacuation plan (posted on saddlebackcanyonriders.com)
